WHEN YOU WRITE A STORY

Tips for Choosing a Topic:

- ✓ What kind of audience are you writing your story for: friends? family? classmates?

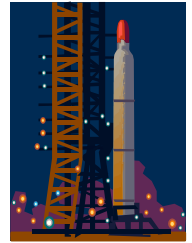

- ✓ What is the purpose of your story: to make someone laugh? To provide information? To make them cry?

- ✓ Could your character be based on someone fascinating you have seen recently?

- ✓ What is the most interesting incident you've seen or heard about lately? Use this as an idea for your plot.

- ✓ Choose a familiar story but make changes in the plot, characters, or setting.

- ✓ How will the story end as a result of these changes to the plot, characters, or setting?
